### Congratulations to the 2023 SEO/YES Award Recipients & Thank You to the Individuals Who Make it Possible

**While** all students did outstanding work this year, we are proud to announce the 2023 SEO/YES award recipients and their mentors. We'd like to thank these students and their families for their participation and especially thank the faculty members and their laboratory staffs who mentored the students in their research projects. **Appreciation** is extended to the many faculty members and students who provided educational seminars and guidance. Special thanks go to individuals who make the SEO/YES programs happen year after year: Stanton Gerson, MD, Dean, CWRU SOM; Gary Schwartz, MD, Director, Case Comprehensive Cancer Center; Nathan Berger, MD, Program Founder & Director; Mark Jackson, PhD, Associate Director for Training & Education, Case CCC; John Pounardjian, Associate Director of Administration, Case CCC; Damian Junk, Assistant Director of Cancer Education & Training, Case CCC; JT Render, Program Coordinator; Julie Austin and Sophie Surreau, Development Officers.

**We hope** this summer experience will motivate the students to pursue careers in biomedical research and healthcare delivery, and we look forward to their success.
